CERTIFICATIONS

ALPHA SERIES - MULTIFUNCTION METERS

ALPHA 10
Programmable
VAF Meter

ALPHA 20
Programmable MFM
With Energy

ALPHA 30
MFM With Energy,
THD & Pluggable
O/ps

ALPHA 40/40D
Energy Meter

ALPHA 45
Digital Counter Type
Energy Meter

ALPHA 50
Touch Screen MFM

ALPHA 70
Power Quality
Monitor

ND20
Advanced MFM
With Ip65 Front

N43
DIN Rail
Mountable MFM

NP40
Portable Power
Quality Analyzer

ND40
Power Quality
Analyzer With
Ethernet And
Recording

ND30
MFM With
Ethernet And
Recording

ALPHA EMDC
Compact DC
Energy Meter

ALPHA 40A+
ANSI Programmable
Energy Meter

ALPHA 20A+
ANSI Programmable
MFM With
Energy

ALPHA 30A+
ANSI Programmable
MFM With
Energy & THD

ALPHA 70A+
ANSI Touch Screen
Power Quality
Monitor

ALPHA 30 WD
Alpha 30
Without Display

- THD Measurement
- True-RMS Measurements
- Onsite Programmable - 3ph 3 Wire / 3ph 4 Wire - Ct/pt Secondary

- RS-485 / Ethernet Connectivity
- Auto Scrolling
- Click Fit Mounting For Easy Installation

- RPM Measurement Capability
- Phase Reversal Indicator
- Run Hours, On Hours, No. Of Interruptions

Approvals :    

BETA SERIES - DIGITAL PANEL METERS

**BETA 10P, 20P,
30P, 40P**

Programmable AC
Ammeter/voltmeter

BETA 50

4½ Digit DC
Ammeter/
Volt Meter

BETA HZ

4½ Digit Frequency
DPM

BETA G2

4½ Digit AC/
DC LCD DPM

N30P

1-phase Power
Network Meter

N30O

Digital Pulse/
Freq/Rotational Meter

N30H

5 Digit DC
Programmable Dpm

N30U

Programmable Digital
Meter Of Temperature,
Resistance And
Electrical Parameters

BETA G1

3½ Digit AC/
DC LCD DPM

BETA 90A, 90B

3½ Digit DC
Ammeter/Voltmeter
(24x48 MM)

BETA 90

3½ Digit DC
Ammeter/Voltmeter
(24x96 MM)

BETA 90T

3½ Digit
Temperature DPM

N27D

DIN Rail Mounted
1-phase Power
Network Meter

N27P

DIN Rail Mounted 1-phase
Power Network Meter With
Graphical OLED Display

NA3

Programmable
Multicolor
Bargraph Meter

NA5

Programmable
Multicolor
Bargraph Meter

NA6

Programmable
Multicolor
Bargraph Meter

- Changeable Unit Caption On Front Display
- On-site Decimal Point Selection
- Enclosure Protection For Dust And Water
- True-RMS Measurement
- Ultra Bright Red Led Display
- Multi Range Version
- Scaling Adjustment Over Wide Range
- On Site Programmable PT/ CT Ratios

THETA SERIES - TRANSDUCERS

THETA 10A,10V

Dual Output
Current/Voltage
Transducers

THETA 20A,20V

Programmable Current/
Voltage Transducer
With Display

THETA 30P

Programmable
Power Transducer
With Display

THETA 40

Programmable
Multifunction
Transducer

P43

Programmable
Transducer Of
3-phase Power
Network Parameter

THETA M

Multi Transducer

P30P

Programmable
Power
Transducer
With Display

P300

Programmable
Frequency
Transducer With
Data Record And
Ethernet

P30U

Universal Transducer
Of Temperature
And Standard Signals
With Data Record
And Ethernet

P30H

Transducer Of
D.C. Circuit
Parameters With
Data Record
And Ethernet

P18D

Temperature And
Humidity Sensor
And Converter
With LCD Display

THETA HZ

Frequency
Transducer With
Display

THETA SERIES - ISOLATOR

THETA 50

Signal Isolator

THETA 60I

Isolating Amplifier

THETA 60M

Universal
Transmitter

THETA 60R

Temperature
Transmitter

THETA PI 102

Programmable
Signal Isolator

P20

Transducer Of
Temperature And
Standard Signals

P17G

Passive Separator

- 1/3 Phase, 2/3/4 Wire Programmable Multi Transducers
- Meets International Standard IEC688 For Accuracy
- Insulation Level Of 3.7 KV/4 KV
- Electrical Isolation Between All Transducer Connections
- Option Bent Transformation Characteristics
- Output Short Circuit & Open Circuit Indicator
- Insulation Level For Theta 40 Is 5.6 KV
- PC Simulation
- Red LED Indication For Open Or Short Circuit
- Universal (AC/DC) Power Supply

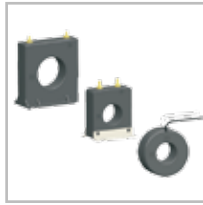

Approvals :    

OMEGA SERIES - CURRENT TRANSFORMERS

OMEGA 10

Split Core CTs

OMEGA 30

Ansi Series CTs

OMEGA 3PCT

Phase Current Transformers

OMEGA XMER

Square DIN CTs

OMEGA XMER

Protection Class DIN CTs

OMEGA XMER

Wound Primary DIN CTs

OMEGA SUMMATION CTS

Sigma Series

OMEGA LTRC

Resin Cast CTs

OMEGA 10LV, 10 LVH

Low Voltage Split Core CTs

- Compliant With IEC60044-1. BS7626
- Flame Retardant Grade Enclosure (UI94V-0)
- System Voltage 720V Max
- Test Voltage 3 kV 50 Hz 1min.
- Cost Effective Polycarbonate Case Current Transformer
- Wide Range Of Sizes Available For Different Bus Bar Sizes
- Wire Sealable Terminal Covers
- Applicable Standard : ANSI/IEEE C57.13
- Insulation Level: 600 Volts, 10kV BIL Full Wave
- All The SHT & SFT Models Also Available As SHL & SFL With Leads
- For All The SHT Types Mounting Bracket Kit When Required

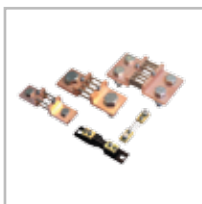

EPSILON SERIES - ROTARY CAM SWITCHES

EPSILON

- Isolator Switches
- Instrumentation Switches
- Change Over Switches
- Multistage Switches
- Compact And Reliable
- Multi Pole
- Easy Installation
- IP 20 Protection

KAPPA SERIES - SHUNTS

SHUNTS

- Extension Of DC Current Measuring Ranges Of Moving-coil Ammeters
- Accuracy Class 0.5
- Shunts Of 1...25 A Ranges (And On Request, B2 40...150 A) Are Fixed On Isolating Base
- The Isolating Base Is Adapted To Be Assembled On A 35 Mm DIN Rail
- On Request, Additional Chemical Coating Are Available: Lackering, Silver Or Nickel Plating

OMICRON SERIES - PROTECTOR RELAYS

OMICRON A
Digital Current
Protection Relay

OMICRON V
Digital V/F
Protection Relay

OMICRON VHZ
Digital Line
Monitoring Relay

OMICRON ELR
Digital Earth
Leakage Relay

- True Rms Measurement
- Trip Relay Cum DPM With Class 0.5
- 4 Digit 7 Segment Led Display
- Configuration Via Usb-based Prkab
- Dual Color Led For Fault Indication
- Detection Of Fault With Display Of Parameter Value
- 4 Different Parameters On Site Selection
- Stores Last 15 Faults

LAMBDA SERIES - TEMPERATURE CONTROLLERS

RE72
Temperature
Controller

RE92
Dual Loop Controller
For Industrial Use

RE57
Compact
Temperature
Controller

RE62
Universal
Controller

- Smart Pid Functions & Algorithms
- Soft Start Function
- Inbuilt RTC
- Easy Programming Through Front Keypad Or Software For Programming Of The Devices
- User Friendly Interface And User Access Menu
- Profile Definition Programming For Sophisticated Systems

IOTA SERIES - CONVERTERS & RECORDERS

KD7
Touch Screen
Paperless Recorder

SM61
Data Logger
With WWW Server

N30B
Digital Panel
Recorder

PD8
Converter Of
RS 485/ethernet
Interfaces

PD8W
Converter Of RS 485/
Ethernet Interfaces

- Available With 24 Channels
- High Sampling Rate
- User Settable Recording Interval Time
- Data Acceptance Over Modbus Master & Slave Concept
- Simple Module Functioning
- User Access Writes With Password Protection

GAMMA SERIES - DIGITAL MULTIMETERS

GAMMA 10
31000 Counts, Advanced
Purpose Digital Multimeter

GAMMA 12
3100 Counts, Industrial
Grade Digital Multimeter

GAMMA 20
310000 Counts High Accuracy
& Precision Digital Multimeter

GAMMA 30
Si-232 Data Logging Adaptor
(For Storage And Transfer Of Data)

Approvals :    

GAMMA 40

6600 Counts, Dual Display DMM, Higher Current Measurement Of 660A

GAMMA 50

6600 Counts, Dual Display DMM, Current Measurement Upto 16A

GAMMA 60

6600 Counts, Dual Display DMM, MIN/MAX & Peak Hold Function

GAMMA 70

TRMS, 6600 Counts, Dual Display DMM, MIN/MAX & Peak Hold Function

- Upto 300,000 Digits And Triple Display
- Automatic Terminal Blocking System (Abs)

- TRMS Measurement
- Min Max Value Storage
- Protective Holster For Rough Duty
- Continuity Test

- Power Economizing Circuit & Optional Backlit Display
- Peak Hold
- Min/max Function

DELTA SERIES - CLAMP METERS

DELTA 1000

TRMS 3100 Counts Digital Clamp Meter With VFD Measurement

DELTA 300

3100 Counts TRMS Digital Clamp Meter With VFD Measurement

DELTA CLIP A

Clamp-on CT For AC Current Measurement 1000/5A

DELTA CLIP B

Clamp-on CT For AC Current Measurement 1000/1A

DELTA POWER 1000A, 400A AC-DC

9999 Counts Idealpower Clamp Meter (Power Measurement)

- Large Jaw Opening Of 55 Mm With 180 Rotation To Avoid Difficult Measuring Positions
- High Accuracy For Low Current Measurement

- Users Selectable Backlit (Optional)
- Narrow Housing For Firm Grip And Easy To Carry

- Null Zero Correction For Low Current Measurement
- Analog Scale And Auto Power Off

ZETA SERIES - INSULATION TESTERS

ZETA 20

1kV Digital Insulation & Continuity Tester, Insulation Resistance 2 GΩ

ZETA 30

Multimeter Cum Digital Insulation Tester, Insulation Resistance 3 GΩ

ZETA 50, 50K

5kV High Voltage Insulation Tester, Insulation Resistance 1TΩ

• **Zeta 20 & 30:**

Voltage Measurement To 25 V To 600 V
Hands Free Continuity Testing
Storage Memory For Last 50 Readings
Stop Watch Function & Blow Fuse Indication

• **Zeta 50 & 50k:**

Test Voltages To Upto 5000 V
Discharge Of Capacitive Devices Under Test
Voltage Measurement Upto 2000 V

SIGMA SERIES - ANALOG PANEL METERS

DE METER

Moving Iron Meter
AC Ammeters
And Voltmeters 90 Deg

DS METER

Moving Coil Meters
DC Ammeters
And Voltmeters 90 Deg

DG METER

Moving Coil Meters
AC Ammeters
And Voltmeters With
Rectifiers 90 Deg

DSL METER

Moving Coil Meter
DC Ammeters And
Voltmeters 240 Deg

DGL METER

Moving Coil Meter
AC Ammeters And
Voltmeters With
Rectifier 240 Deg

FML METER

Frequency Meters
240 Deg

LFL METER

Power Factor
Meters 240 Deg

LML METER

Power Meter
240 Deg

EQC METER

DIN AC
Ammeter/voltmeter
With Relay Output

PQC METER

DC Ammeter/Voltmeter
With Relay Output

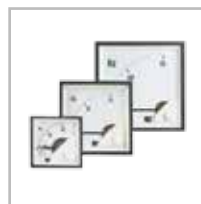

FQ METER

Vibrating Reed
Frequency Meter

LM METER

Power Meter
90 Deg

FM METER

Frequency Meter
90 Deg

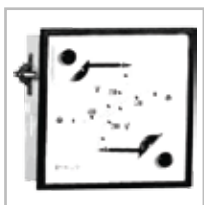

LF METER

Power Factor
Meters 90 Deg

**ELAPSED TIME
METER**

Hour Run Meter

DE 2 IN 1 METER

Dual Moving Iron
AC Meters

DS 2 IN 1 METER

Dual Moving Iron
DC Meters

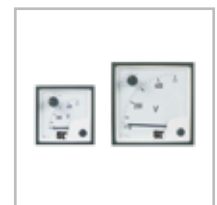

EB-BM METER

Maximum
Demand Ammeters

DE,DS,FM-35 METER

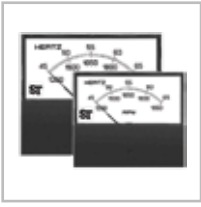

DIN Rail Meters

**SELECTOR SWITCH
METER**

Approvals :    

ANUSH SERIES - ANALOG PANEL METERS

ANUSH

- Available In Sizes: 1½ And 2½ Inches
- High Torque Pivot And Jewel Movement
- True RMS Measurement Meters For AC And DC Inputs
- Up To 40A DC Direct Connected
- Up To 50A AC Direct Connected

VISTA SERIES - ANALOG PANEL METERS

VISTA

- Available In Sizes: 2½, 3½ And 4½ Inches
- High Torque Pivot And Jewel Movement
- True RMS Measurement Meters For AC And DC Inputs
- Up To 50A DC Direct Connected
- Up To 50A AC Direct Connected

CONTENDER SERIES - ANALOG PANEL METERS

CONTENDER

- Available In Sizes: 1½, 2½, 3½ And 4½ Inches
- Rear Zero Adjuster On Moving Coil Meters
- True RMS Measurement Meters
- AC And DC Inputs
- Up To 40A DC Direct Connected
- Up To 50A AC Direct Connected (Not Applicable For Model 112)

SMART LOOK SERIES - ANALOG PANEL METERS

SMART LOOK

- Available In Sizes: 2½ And 3½ Inches
- Two Case Sizes Available: 2 , 3 Inches
- Withstands High Levels Of Shock, Vibration, Dirt And Humidity
- UI Approved

Sifam Tinsley Instrumentation Inc.
