

DELTA POWER

Digital DELTA POWER Meter
400A/1000A AC-DC

DELTA POWER 1000A/400A measures, calculate and displays important electrical parameters of single phase or three phase power system. It also features Resistance, continuity, diode and non contact voltage detection.

Features

- Measurement of power parameters like Active, Reactive, Apparent Power for 1ph/2w, 3ph/3w & 3ph/4w systems
- Facility to measure Inrush current & motor HP directly
- Harmonics measurement upto 49th order & THD
- Suitable for measurement at VFD drives,
- Category protection upto CAT III 1000V & CAT IV 600V
